Mickey T. and Westen S. celebrate Halloween at the school.

Halloween Dance

By Samara Mitchell and
Lilia Sawyer – Ned

Our school had a Halloween dance on October 31st. Some students from the leadership club set up the Halloween dance. Penny Reid was there to help us. Mrs. Simcox helped set up the music. The Halloween dance is traditional for our school, and it was fun.

Halloween

Par Gwendoline Feissli

Nous étions à la fin du mois d'octobre, et tout le monde avait passé un week-end entier à se préparer pour Halloween. Ça c'est passer le lundi 31 octobre. Nous nous sommes tous déguisés en toutes sortes de choses, d'un vampire, une sorcière, un personnage de Minecraft jusqu'à des petites princesses et beaucoup d'autre choses.

Tous les professeurs se sont déguisés eux aussi. Mais certains professeurs on crée une association, pour se déguisées en professeur de Harry Potter. Même notre principale Mme. Telford c'est déguiser en professeur Dumbledore! Aussi Mr. Feissli a créé les baguettes et les a imprimés grâce à l'imprimant 3D de l'école.

Mme. Simcox a organiser la dance d'Halloween pour les élèves. Les années primaire ont dansé en première et les intermédiaires en deuxième. Tout le monde c'est bien amusée!

Happy Halloween Everyone!

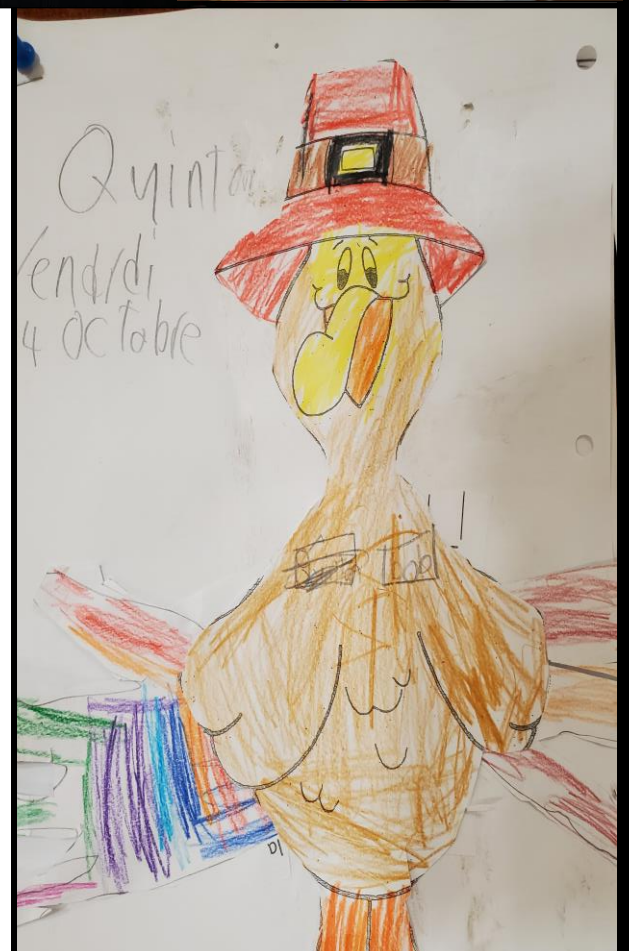

Thanksgiving

By Gwendoline Feissli

Everyone's Thanksgiving was very different. Some people didn't celebrate, others did, but everyone's Thanksgiving was fun. Thanksgiving isn't celebrated at school, but it is still an important celebration in Canada: that's why we have a day off. People usually gather with their families on this occasion.

At Thanksgiving we mostly eat turkey, stuffing, and mashed potatoes with gravy. Traditionally, we also eat corn, green beans, and dinner rolls and for dessert we often eat pumpkin pie and cranberry sauce. However, everyone is different, so we all eat differently. Isn't it why it is so exiting?

Mrs. Shaw directs three members of the choir.

The Choir

By Georgia Gent and Lilia Sawyer – Ned

We are very lucky to have choir started back up again. Kids from grades two to seven meet at Penny's portable on Tuesday and Thursday to practice. Kids attend choir to learn to sing. Mrs. Cushing and Mme. Ross organize the kids and direct the choir. Mrs. Shaw is volunteering to direct the choir as well. It is a great extra-curricular for kids who aren't into sports. Choir is important because kids who love to sing get the opportunity to show their talent. Kids enjoy choir a lot. It gives them something to do at lunch. It helps them find new hobbies. It gives kids new ways to enjoy themselves and express themselves in different ways.

Fire Safety

by Samara Mitchell

It was October 13, 2022 when 100 Mile Fire Rescue came to 100 Mile Elementary. It was fire prevention week. Five fire fighters from 100 Mile Fire and Rescue gave a tour of engine 11 to primary classes.

They contacted the fire department. Ms. Spears planned the whole thing. It is important because fire safety is important. It is important to stay safe just in case there is a fire.

Lieutenant Cole Sparreboom demonstrates firefighting equipment for students.

Land Acknowledgement

By Lilia Sawyer – Ned

Once or twice a week and at assemblies and presentations we have students and teachers do the land acknowledgment. The land acknowledgement recognizes that the place we live is the traditional home of the Secwepemc people. We care about this, so we do it to show that we are thankful to live, learn, work and play on traditional unceded Shushwap (Secwepemc) Territory.

Volleyball

By Ty Williams

On September 26th Volleyball started. Every year volleyball starts in Sept. This year there is a grade 5/6 and a grade 7 volleyball team. Students practice in the gym at lunch. At the end of the season there is a tournament.

I signed up for the grade 5/6 team. It is really fun. The grade 5/6 volleyball teacher's name is Mrs. Telford and Mrs. Baboulas. The grade 7 volleyball teacher is Mrs. Crompton. This event is important to our school because it is fun and it is good P.E. I hope our school wins the tournament.

Kaden Ernst and Kaden V. hang out at 100 Mile Elementary

The Wranglers

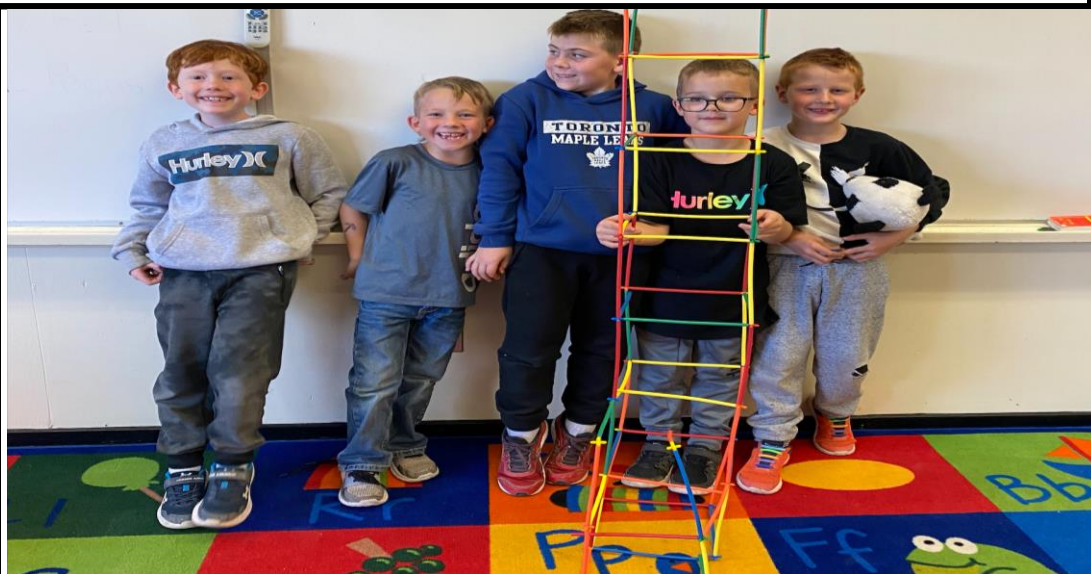

By Pawan Nijjar and Ty Williams

The Wranglers started coming to 100 Elementary in the middle of October. They volunteer their hours to help the students read and do fun activities. Mrs. Telford and Mrs. Larochelle help the Wranglers get organized and settled with their buddies. Students are very thankful to spend time with the Wranglers.

The Wranglers do this because it helps students and they are positive role models. We interviewed Royce Watson #30. He says "It's fun helping students and it is very enjoyable. The hours of volunteering I put in are worth it."

Logan W. and Lillian S. make talking sticks with their big buddies.

Hayden Mi, Logan W, Rhett A, Hayden Ma, and Treyden R. spend time with their big buddy class.

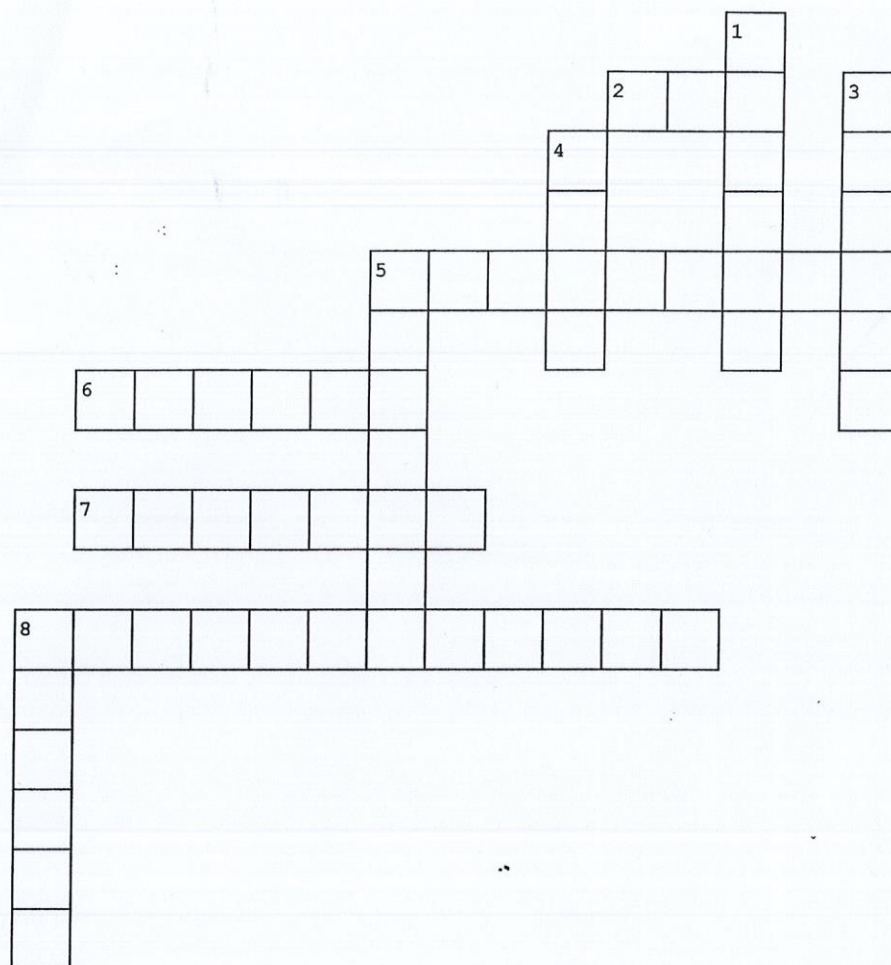

Emily S. and Pawan N. read to their little buddy Oden H.

Buddy Classes

By Alexis Walker

During Buddy Reading an older class and a younger class get together to read. Buddy Reading will give the little buddy a chance to feel special and the older buddy a chance to be a leader. Mrs. Varney's English kindergarten class and Mrs. Simcox's 5/6 class read every Wednesday after lunch. The staff decided to do it. Samara Mitchell likes to go to Buddy Reading because she gets to see her cousin.
